- * According to the ABET requirements:
1. Two Technical Electives (TE) in Maths/Basic Sciences are required for the Applied Program.
 2. Only One Technical Elective in Maths/Basic Sciences is required for the Science Program.
- Only one course is required for the General Studies (GS).
 - The free elective can be taken from technical or non-technical courses.
 - Make sure to satisfy the courses pre-requisites by marking the completed courses in the curriculum flow chart. **Attach the CHART with this tentative plan.**
 - This tentative plan should be updated each semester during the pre-registration period.
