

Chemistry Safety Committee (CSC)

Chemistry UICPUM

CHEMISTRY LABORATORY SAFETY AGREEMENT

Before working in the chemistry laboratory, read carefully the safety precautions and techniques for handling chemicals described earlier. Give this agreement, signed and dated, to your laboratory instructor.

When you are in the laboratory, THINK about what you are doing all times.

1. Wear approved chemical splash goggles and apron in the laboratory.
2. Do not attempt any unauthorized experiments.
3. Know the location and operation of safety equipment.
4. Bring only necessary materials into lab, (lab manual, pin, ruler, and calculator).
5. Never work alone in the laboratory.
6. Never eat or drink in the laboratory.
7. Use the fume hood when necessary.
8. Keep your work area uncluttered.
9. Use only equipment that is in good condition.
10. Dispose of waste and excess materials according to your laboratory instructor's directions.
11. No horseplay in the laboratory.
12. Don't sit or lean on laboratory work surfaces.
13. Handle chemicals with caution.
 - (a) Read labels carefully.
 - (b) Use only the amount required.
 - (c) Leave reagent containers in their proper places.
 - (d) Clean up all spills immediately.
 - (e) Label all chemical containers.
14. Thoroughly wash your hands any time you leave the laboratory.
15. Immediately report all accidents and physical/chemical injuries, no matter how minor, to your laboratory instructor. Be ready to take immediate action as needed to assist any injured classmate.
16. Don't leave the laboratory without your instructor's approval.

*Never come to the lab with
"Thobes, Goutrah, Open-Toed Sandals or Bare Feet"*

I have carefully read all the safety precautions on the succeeding pages (summarized above) and recognize that it is my responsibility to observe them throughout my chemistry course.
