

Introductory Seminar: Rules and Regulations

Date: Tuesday, September 8, 2020
Time: 01: 00 PM – 01: 50 PM
Location: Online Zoom Meeting ID: 993 0591 5955
Passcode: 881794

Speaker:

Dr. Abdelmalek Zidouri

Associate Professor EE Department
KFUPM

Abstract:

Graduate students working towards either M.S. In Electrical engineering, M. S. In Telecommunication Engineering, or Ph.D. degrees, are required to attend the seminars given by faculty, visiting scholars, and fellow graduate students. This course is designed to give the student an overview of research in the department, and a familiarity with the research methodology, journals and professional societies in his discipline. In this introduction, I will give to them rules and regulations and answer any questions they might have about the seminars. All faculty are invited to help enrich the session.

Bio:

Abdelmalek Zidouri is a Senior IEEE member and an Associate Professor in the Department of Electrical Engineering at King Fahd University of Petroleum and Minerals. He holds a Master of Science in Control Engineering from Bradford University, UK, in 1984 and a Doctor of Engineering in Applied Electronics from Tokyo Institute of Technology Japan, in 1995. His research interests are in the field of Signal processing and Pattern recognition. In particular character recognition and document image analysis. Dr. Zidouri has published many refereed journal and conference papers. He has supervised many projects and theses.

He was the head of the Digital Signal Processing Group for 3 years and the research coordinator of the EE Department for 2 years. Also he was chairman of Project\Seminar committee of EE Department for several years. He is a member of the Engineering Education Society, Signal Processing Society and Communications Society.
